Eligibility:

Yummly makes certain recipe data available to researchers who are advancing the state of knowledge and understanding in information retrieval. This data is only available for academic use by researchers who agree to the Data Use Agreement.

To be eligible to receive Yummly recipe data you must:

- Be a faculty member, research employee or student from an accredited university, college or public research institute.

We are not able to share data under this program with:

- Commercial entities
- Employees of commercial entities with university or public research institute appointment
Data Use Agreement for Yummly Recipe Data

The organization listed below is engaged in research in information retrieval, and would like to access and use Yummly's recipe data according to the terms and conditions below.

These terms apply to the use of the recipe data and information that Yummly makes available to researchers (which is referred to as “Yummly Data” below), subject to the following conditions.

Permitted Uses

1. Yummly Data may only be used for research and development in information retrieval.

2. Summaries, analyses and interpretations of the Yummly Data may be derived and published, provided it is not possible to reconstruct the Yummly Data from these summaries. Small excerpts of the Yummly Data may be displayed to others or published in a scientific or technical context, solely for the purpose of describing the research and development and related issues, provided that, any use or permitted publication of any Yummly Data may not infringe on the rights of any third party including, but not limited to, the authors and publishers of the underlying content.

3. Use of the Yummly Data is subject to the Yummly Terms of Service (yummly.com/terms/) and the Yummly API Terms (developer.yummly.com/policies).

4. Yummly Data may be downloaded and stored locally, provided that any Yummly Data must be removed (and not archived) at the end of the research project, or at the request of Yummly.

Access to the Information by Individuals in the Organization

1. Access to the Yummly Data by individuals in the organization is to be controlled by that person's organization. The organization may only grant access to people working under its control, i.e., its own members, consultants to the organization, or individuals providing service to the organization.

2. The organization will maintain a list of people with current and recently-terminated access to the Yummly Data.

3. An individual with access may only display the Yummly Data to or share the Yummly Data with persons whom his organization lists as having access to the information.
